PASTOR'S COLUMN

Dear Parishioners:

Today we celebrate Easter, the Day of Resurrection. This is the day the Lord has made—let us rejoice and be glad in it!

Did you happen to get new clothes for Easter? That is an old custom. I remember getting a new outfit for Easter each year during my childhood. New shoes, slacks, shirt, tie and jacket! Still today, I observe people coming to Mass on Easter and they seem to be wearing new clothes. At least they are very nicely dressed.

If you reflect on this custom, you quickly realize how totally fitting and appropriate it is to celebrate Easter by wearing new clothes. Because Christ has risen from the dead, we have been given new life! Our new clothes symbolize our new life in Christ. In Baptism, we have “put on” Christ, we have clothed ourselves in Christ! We have shed the filthy garments of our old life of sin and put on our new wedding garment and taken our place at the King’s banquet. May we keep our souls cleansed and renewed by the blood of Christ, free from every stain or wrinkle. May our new clothes always remind us of our new life in Christ, who is risen from the dead.

On behalf of the clergy and staff of St. Andrew Parish, I wish all of you a most blessed and Happy Easter!

Your pastor,
Msgr. Moloney

APRIL IS AUTISM AWARENESS MONTH

Embrace. Welcome. Participate.

Embracing Persons with Autism

During the Great Jubilee of the Year 2000, Pope St. John Paul II addressed participants for the Jubilee of the Disabled with these stirring words:

"The Church, as my venerable Predecessor Paul VI liked to say, is 'a love that seeks out'. How I would like you all to feel welcomed and embraced in her love! First of all you, dear families: those who have children with disabilities and those who share their experience. I say again to you today that I am close to you. Thank you for the witness you bear by the fidelity, strength and patience of your love."

As Catholics, we are called to welcome all persons with disabilities and during the month of April, there is a particular emphasis on persons with Autism, also known as Autism Spectrum Disorder (ASD). Autism is a developmental disability that can cause significant social, communication and behavioral challenges.

There is nothing about the physical

appearance of a person with Autism that would set them apart from other people. Persons with Autism may learn, behave, react, and communicate in ways that are different than others. Some need very little or no assistance with their daily living; others require substantial supports. The intellectual abilities of persons with Autism can range from gifted to profoundly challenged. Autism affects every person differently, even among siblings who both have Autism.

Since there is a range of abilities and needs among persons with Autism, parishes should work with each person with Autism, their parents, and families to determine the best way to include them in the life of the Church. Some parents of children with Autism feel isolated and alone. They can be overwhelmed with the needs of their child and sadly, can feel stigmatized in their families and their communities. As missionary disciples, we are called to be a love that seeks out and embraces persons with Autism and their families!
